In 1960, they went to Denver, CO where Bob attended Mercury Outboard Motor boat mechanic school. A True Fisherman
knows when and where
the fish are biting.
He rises up early in the morning,
plying the water for that
elusive catch,
waiting in the stillness for a nibble
A slight twitch in the line,
expertly he reels it in –
A good fisherman
knows a keeper when he sees one,
he knows when to toss one back,
and when to **head for home**
